Where are we located?

Dance Collective is located at 202c Hwy 49 South in Byron, Georgia. We are located in the same shopping center as dollar tree. At the studio, we seek to provide a safe and welcoming environment not only for our dancers but for their family. We offer a clean and spacious waiting room with a play area for all of our parents, grandparents, and siblings of dancers. We also know that it is important to be able to watch your child excel. That is why we provide televisions with all of our rooms on video so that you can watch first hand how your child's classes are going!

What kind of dance do we offer?

Our supportive, encouraging, and truly dedicated dance teachers are committed to bringing out your student's fullest potential and passion. Our camps are designed to introduce age-appropriate skills. For our minis we offer the elements of creative movement, ballet, acro, and tap as well as learning terminology and rhythm to music. Primary objectives are geared toward inspiration, self-expression, creativity and imagination. For our youth we offer classes in ballet, jazz, hip hop, acro musical theater and tap. This is a prime age to start finding your passion! We offer more genres for this age so that they can see what genre fits them best. What is Acro?

One of our most commonly asked questions is, what is acro? You've probably heard of gymnastics, but acro? Well, let us tell you! Acrobatic Dance is the beautiful fusion of classic dance technique and the precision and athleticism of acrobatic elements. Acro dancers seamlessly blend musicality, emotional expression, line and extension with gymnastic movements in a dance context.

Resources

At Dance Collective, we offer a resource that allows your dancer to practice outside of the classroom weekly or even daily. The BAND app will help your dancer gain access to practice video. We also update regularly with things you need to know such as dates, updates, and important details not to miss. When you arrive at the studio during the first week, make sure to ask us how you can log in to our BAND app.
